

TECHNICAL SHEET

Ref.0749 Clear - 074901 Shaded **ARES VISOR**

Protective visor made of 2 mm thermoformed polycarbonate.
 Compatible with all Ares series helmets.
 Can be easily installed and removed without the use of any tools.
 The curvature is designed to follow the contours of the nose and cheekbones while still guaranteeing optimal visibility.
 The action can be fine-tuned with screw tensioners on the sides.
 Anti-fog and scratch resistant treatment.
 Available in two versions: clear and shaded.

Standards:

- EN 166: mechanical protection against high velocity particle projections.
- EN 170 (clear version only): protection against ultraviolet rays.
- EN 172 (shaded version only): solar filter for industrial use.
